About Sportfriends: The Club, established in 1933 is one of the oldest existing Soccer Clubs in the metropolitan area. Sportfriends Soccer Club is devoted to promoting soccer for both young and old. It offers soccer playing opportunities to all ages and is not bound by any given town. It is rich in history with Championship trophies displayed in the Club going back to 1933. We have a lighted grass field, **an all-new small sided turf field (see below)** and a 3rd lighted practice field. There is also a clubhouse (with bathrooms and a large screen TV available for instructional video) adjacent to the field.

Sportfriends S. C. it's not just a soccer club it's an 80 year old tradition.
