

Dear incoming fourth grader,

Summer is a wonderful time to get a lot of reading done! I encourage you to read as much as you possibly can this summer.

Although I would love for you to read all three books on this list, this summer you will be required to read **ONE** of the following fiction books:

- *Bud, Not Buddy* by Christopher Paul Curtis
- *Because of Winn-Dixie* by Kate DiCamillo
- *The Lemonade War* by Jacqueline Davies.

Inside this packet are four "book circles". All four should be completed in blue or black ink. If you run out of the room, please feel free to write on the back. This is your first grade of the fourth grade school year, so please make sure to do your best work!

When it comes to math, the best way to get better is practice! Attached is a list of skills you should work on in the summer. These are skills that you've learned in third grade and will be using in fourth grade. By practicing these skills, many of the chapters in fourth grade will be much easier!

Have an awesome summer!

Ms. Miller

## IXL SKILLS

1. K. Mixed Operations
2. O. Multiplication Skill Builders
3. P. Multiplication Fluency up to 10
4. Q. Multiplication Fluency up to 12
